

# ....FROM THE HEART

A COMMUNITY PROJECT

Preparing women prisoners for successful transition back to community

Jade Lewis and Friends has a vision to build drug free Australian people and communities. *"From the heart"* is a brand new initiative giving women prisoners a second chance at life. Our heart's desire is to see their lives transformed by the Love of God. *"From the heart"* will provide the women on their release all the essential items for a comfortable transition. The whole essence of *"From the heart"* aims to place value, honor and esteem these women and see their lives restored.

## Who can help?

Community, women's, church and youth groups, schools, businesses, individuals

## What we need:

Casual, formal, sporting and evening clothes in all sizes, shoes, linen, bedding, towels, toiletries, house items (brand new or pre-loved - must be in good condition)
